

We hope you are well during these unprecedented times. It is important to remember to take care of your physical and mental health. We understand these are trying times and, now more than ever, our school staff will be here to support you and your child as needed. Here are some [Counselor Recommendations](#) regarding tips for maintaining positive mental health and [Family Activities](#) for home.

We will be moving forward with remote instruction using the Google platform beginning on April 20th. Teachers will be posting lessons in their respective Google Classrooms. There are a number of tutorial videos and links below on how to access and navigate Google Classroom.

Your child will have multiple classrooms based on homeroom, specials, and extra services they may receive. Instruction will take a few forms including video and/or audio presentations, written instructions and independent practice. There will be lessons, tasks, resources and websites to log into. The work and activities will be age and grade level appropriate and directions will be specific to the teacher. Keep in mind student work will be graded on the AE or ME scale. Students will need to know what day it is and the special assigned for the day (see the chart below). Patience with yourself, your child and your child’s teacher is paramount as we navigate this together.

	Mon.	Tues.	Wed.	Thurs.	Fri.
Phys. Ed.	All Students		x		All Students
Health		All Students	x	All Students	

	Day A	Day B	Day C	Day D	Day E
Computers	3rd	4th	5th		
Art	4th	5th	3rd		
Music	5th	3rd	4th		
Library			5th	4th	3rd

Please take the time to relax during this upcoming week. Stay well and we will be in touch soon!
